What about the Food Bank motivates you to consider serving on its Board of Directors?

I value the Food Bank's commitment to the first of the Corporal Works of Mercy - to feed the hungry. Being a single parent doesn't leave me with much free time to undertake many in the field "boots on the ground" activities. Becoming a member of the Food Bank's board will give me the opportunity to serve our community in whatever way I can while still allowing me the time

What would you hope to gain or learn from your participation on the Food Bank Board?

I hope to be afforded an opportunity to serve our community and to set an example for my daughter of the importance of giving of one's time and/or skills to help our neighbors.

In what areas of board service do you see – or would you like to see – yourself making a meaningful contribution?

I believe I have the skills and experience to serve on the Finance/Audit committee

What experience, skills, abilities, and/or talents do you bring to the Food Bank and its Board of Directors?

I was born and raised in the Caribbean, completed my education in the UK, and have been employed by multi-national firms/companies in a couple different countries in the Financial Services and Manufacturing industries. I believe I can bring more diversity and a different perspective to the Food Bank, and contribute meaningfully to its work
