### 2023 Evaluation

### Family & Site Coordinator surveys opened February 2023

Limited response – deadline extended to end of May

### Questions we hope to answer:

- 1. Do school food centers improve Access, Good Food & Empowerment outcomes for families with children
- 2. Do they reach new people? Do they reach underserved populations?
- 3. Are people satisfied with the food options?
- 4. Are families more satisfied compared to other programs? BackPack? Pantries / Mobile Pantries?

### **Good Food Outcomes**

## Overall, people who responded to the survey are satisfied with food quality, variety, type and quantity.

### Areas to keep an eye on:

- Meeting special diet needs
- Ensuring choice
- Food costs

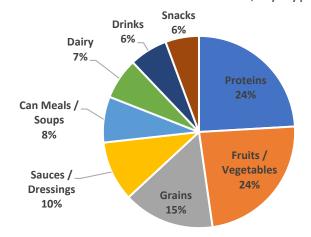

"We would love healthy food options that do not break our grant allotment bank. We know the price of items such as milk, eggs & cheese are so high right now, but in turn those are the basic items our families need and can't provide and we also can't purchase." Site Coordinator

"As much as I appreciated the BackPack Program's help, School Food Center fits our family's needs far better." Parent

"My family's stress was greatly reduced due to the kindness & support from this program." Parent

## **Empowerment Outcomes**

### Areas to keep an eye on:

- Wrap around services
- Connection to school
- Comfort of students accessing

"The impact the food center has had on our students, families and community is greater than we could've imagined. The connections we have made with those who have visited our center have been wonderful and connections we otherwise would not have made. We are providing a resource that is without judgement or shame and we have been thanked over and over for this!"

### SIF Timeline Discussion

- Client Driven Services extend to 5 years (end in June 2026)
- Rationale: most outside –of-the-box SIF project, staff turnover, need time to get initiative up, plan to evaluate in 2024 (applied for FANO grant to support evaluation efforts)
- Process for bringing this to the full BOD?

## June BOD Strategy Session Discussion

- Scheduled for Thursday, June 15<sup>th</sup>
- Proposal to wait for new CEO to be onboard
- IF they're on board, use this time for BOD and new CEO
- IF they're NOT on board, use this time for other issues
- Normally, this session would be drive by the Committee, however this year we most likely will not responsible for the content

## **Next Steps**

- How to bring Matrix Mapping to full BOD? (May meeting?)
- Randi will share Q1 SIF progress with Committee
- Staff will begin work on Logic Models that align with Matrix Mapping
